

Stroke Hyperglycemia Insulin Network Effort Trial Newsletter

August 2012 – Volume 1, Issue 1

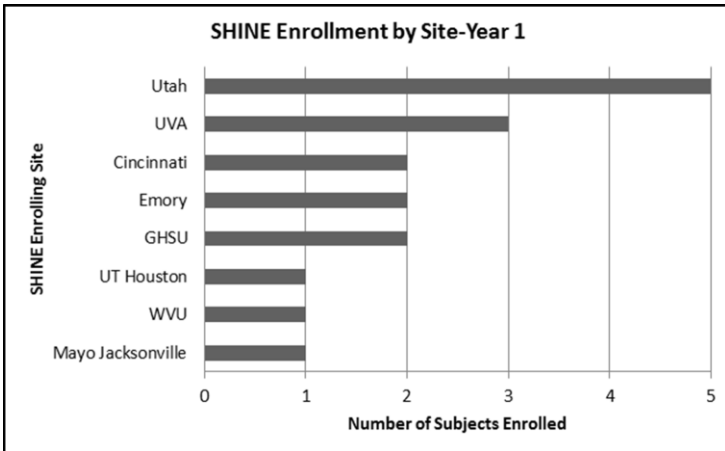

IN THIS ISSUE

- Welcome to SHINE newsletter
- Activated sites
- Enrollment update
- New NETT Hubs

As we enter into the second year of the SHINE trial, we would like to thank all of the study teams that are working with us for all that we accomplished in year one. We are pleased to report that we have 18 activated sites and have enrolled 17 subjects

across 8 different sites since enrollment began in April 2012.

We will be providing SHINE specific information in this newsletter quarterly in addition to weekly enrollment emails and monthly NETT publications including the *NETT-Workings* and *Newsflash* Newsletter. To contact us with feedback or content for the newsletter, email kj4v@virginia.edu.

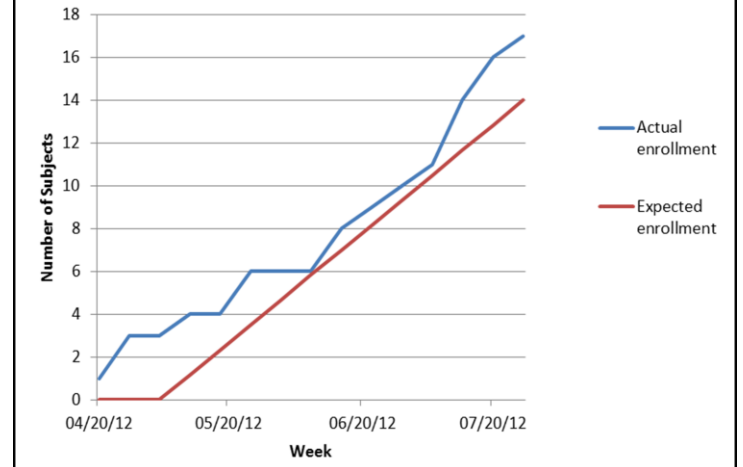

Activated SHINE sites

Cincinnati – University Hospital*	Temple – Temple University Hospital
Emory – Grady Memorial*	UCSF – San Francisco General
Georgia Health Sciences University*	University of Kentucky

New York Presbyterian-Cornell	University of Virginia*
Penn State Hershey Med Center	University of Texas Houston*
Temple – Allegheny General	West Virginia University*

*indicates site with subject enrollment

SHINE Enrollment - April - July 2012

Welcome new NETT hubs

We would like to extend a warm welcome to the new NETT hubs. Plans are being finalized for a series of teleconferences, videoconferences and a fall in-person investigator meeting to help orient the new hubs and spokes to SHINE. We are excited for such an elite group of research programs to be joining our team.
